Who We Are

Urish Popeck & Co., LLC was founded 33 years ago. We serve closely held and public clients through offices in Pennsylvania, the Washington, DC metropolitan area, and Florida. Urish Popeck has full service assurance, tax, and risk advisory practices, along with a wide array of traditional and non-traditional consulting services that help our clients to grow and prosper.

The Firm's values of independence, integrity, professionalism, and service have been instilled and fostered by our founders since the firm was established in 1976. These values serve as a professional and ethical road map to ground and guide our staff as they make critical decisions.

The BDO Seidman Alliance

We were a founding member of the BDO Seidman Alliance in 1994. BDO Seidman, LLP is a national professional services firm providing assurance, tax, financial advisory and consulting services to private and publicly traded businesses. BDO Seidman serves clients through 35 domestic offices and independent Alliance firms such as Urish Popeck, and is a member firm of BDO International, the world's 5th largest firm with revenues exceeding \$4 billion. BDO Seidman, LLP serves multi-national clients by leveraging the global network of resources comprised of 600+ member firm offices in more than 100 countries.

Unique Opportunities for our Team Members

Urish Popeck is distinguished from other local or regional accounting firms serving our market areas by virtue of our relationship with BDO. To support clients – while enhancing career growth - our team members access an array of comprehensive financial and business advisory resources, all readily accessible through our seamless national and global organization. Advantages of a career with Urish Popeck include:

- ❑ Training resources of our worldwide organization;
- ❑ Challenging engagements with our sophisticated client base, with travel opportunities domestically and globally;
- ❑ Access to national technical practice leaders as needed to assist clients;
- ❑ A culture of day-to-day interaction with partners and managers, and personal mentoring to enhance professional growth.

Thus our staff receive the best of both worlds – the extensive resources of a true national/global organization, and the hands-on, personalized culture of a local firm.
